

ACKNOWLEDGEMENTS

The Lower East Coast Regional Water Supply Plan was a large-scale planning effort to ensure future water supplies for 75 percent of the South Florida Water Management District's population through 2020. A large multidiscipline team with extensive technical support was required to perform the detailed analysis using state-of-the-art computer modeling tools.

The SFWMD would like to thank our own staff and recognize the following individuals.

Frank R. Finch	Executive Director
Patrick J. Gleason	Governing Board Member and LEC Regional Water Supply Plan Advisory Committee Chairman
Kenneth G. Ammon	Director, Water Supply Division
Dean Powell	Deputy Director, Water Supply Division
Matthew Morrison	Director, Water Supply Planning and Development Department
